## SPIRITS

### Litchfield Distillery, Litchfield

**5-Year Double-Barreled Bourbon Whiskey** – They took their Straight Bourbon, proofed it to 90 and re-barreled it to expose the proofing water to the barrel's char. The result is a bouquet of caramels, vanillas, fruits, and spices that evolve on the palette. 12

**Straight Bourbon Whiskey** – Traditionally aged in #4 Charred Barrels, it displays a beautiful amber color and releases wonderful vanilla and butterscotch notes. It has a smooth, balanced taste with a slightly peppery finish. Bottled at 92 proof. 10

**Straight Rye Whiskey** – The rye transforms into sweet and spicy peppery notes while the barley adds a hint of roasted toffee. Aged in honey-combed cooperage helped increase the whiskey's exposure to caramelized sugars in the barrel's char. Bottled at 92 proof. 9

**Port-Cask-Finish Bourbon Whiskey** – Their 4-Year Straight Bourbon Whiskey is rested in port barrels for an additional six months, resulting in the bourbon's woody vanillas and caramels, and the port's sweet fruit. It drinks exceptionally smooth at 92 proof. 10

**Maple Bourbon** – Maple syrup is produced in bourbon barrels, and then the barrels are returned to Litchfield Distillery where they are refilled with Straight Bourbon, resulting in a bourbon that highlights the maple's sweet and complex character. Bottled at 86 proof. 11

**Vanilla Bourbon** – Smooth — perhaps the ultimate compliment to pay this aromatic and well-balanced spirit. They took their award-winning Straight Bourbon Whiskey and proof it to 86 proof with water and a touch of organic Bourbon-Madagascar vanilla extract. 11

**Coffee Bourbon** – Crafted with locally-roasted beans from Zero Prophet Coffee in Washington, CT. The coffee adds a lot of earthy notes along with nice chocolate, toffee and pecan flavors. Bottled at 86 proof. 11

**Cinnamon Bourbon** – Straight Bourbon is infused with Indonesian Cinnamon to create a smooth spirit that is the perfect balance of bourbon sweet and cinnamon spicy. Bottled at 86 proof. 11

**Agave Spirits** – Imported Agave Nectar from Mexico fermented and distilled in Litchfield, then rested in retired bourbon barrels. A well-balanced spirit with sweet and spicy notes highlighted by caramel, agave, white pepper and honey.. Bottled at 80 proof. 10

### Mine Hill Distillery, Roxbury

**Bourbon** – A High Rye Bourbon- 60% corn, 30% rye, 10% malt. Aged in Quarter Casks, which imparts four times the surface area, resulting in a whiskey with the maturity of a 5-year bourbon. 82 proof. 9

**Rye** – A classic Rye, 97% rye and 3% malt. Aged in Quarter Casks, which imparts four times the surface area, resulting in a whiskey with the maturity of a 5-year rye. 90 proof. 9

**Amaro** – Their Amaro is really a Sweet Vermouth. They fortify a local wine with our spirits and then steep it for months with a proprietary mix of botanicals and then sweeten it with Pure Maple Syrup. Truly a taste of New England. 40 proof. 7

**Vodka** – A Classic Vodka distilled from local wheat and a unique wheat malt to achieve a clean, crisp character inspired by the waterfall at Mine Hill. 82 proof. 8

**Gin** – A Classic Dry Gin made with the unique addition of eastern white pine and other botanicals. They distill their own base spirit and use a traditional gin basket to vapor infuse a gin that is unusually smooth. 82 proof. 8

### Continuum Distilling, Waterbury

**Fort Hill Small Batch Bourbon** – They use a unique aging process using local, sustainably sourced wood, and finished in craft beer barrels from their brewery partners. 90 proof. 9

**Charred** – Their flagship “beer whiskey,” made from ales, stouts, and porters. Aged for a round, rich, toasted flavor. 96 proof. 9

**Drops** – Unaged, bright, floral, with a hop forward nose, and citrus and herbaceous flavors. Distilled from CT craft IPAs. 92 proof. 8

**Waterville Small Batch Vodka** – Crisp and smooth. Distilled four times, then mellowed over local Sugar Maple charcoal. 87 proof. 8

**ContinuRum Blueberry Rum** – Regular ContinuRum plus a heavy dose of fresh local blueberries from Lyman's Orchard results in a well-balanced, smooth, rum without an in-your-face blueberry flavor. 90 proof. 8

### Waypoint Spirits, Bloomfield

**Gin** – Their overproof gin starts in their on-site column stills and takes two separate distillations - one with juniper and select botanicals and the other with citrus and lemon verbena. They blend them to bring you their crafted CT gin. 92 proof. 8

**Vodka** – This bright, clean, and crisp vodka is first distilled in their on-site column stills, and then filtered to make sure every ounce gives you the essence of CT. 80 proof. 8

**Espresso Flavored Vodka** – Distilled in their own column still and then flavored with freshly roasted coffee beans, making for a complementary blend of rich espresso and chocolate flavors. 70 proof. 8

**Rum** – Their small-batch, 100% natural aged molasses-based rum starts off with a fermentation that brings out rich, tropical fruit notes. Then, they distill it twice through their own pot stills, and we end up with deep brown sugar flavors from the molasses. Oak barreling the rum rounds out the flavors with notes of vanilla and caramel, leading to a superb sipping rum. 80 proof. 8
